Commonwealth of Massachusetts.

To the Honorable the Senate and House of Representatives in General Court assembled.

Pursuant to the provisions of section 2 of chapter 320 of the Acts of the Legislature for 1884, the Civil Service Commissioners have the honor to submit their eleventh annual report, covering the period from Dec. 1, 1893, to Sept. 30, 1894, inclusive.

Upon the expiration of his term of office in July, Commissioner Russell was reappointed, and was re-elected chairman of the commission.

During the time included in this report, 146 examinations have been held of applicants for appointment in the first division of the classified service, of which 66 were general competitive, 3 special competitive and 77 non-competitive. The latter include the examinations for promotion, and cases where the commissioners were satisfied that special qualifications were essential. The reason for every non-competitive examination is stated in the report of the chief examiner and secretary, submitted in the appendix hereto.

During the period covered by this report, 1,582 persons have been examined for the different classes of positions in the first division of the classified public service, of whom 1,358 were men, including 21 veteran soldiers or sailors, and 224 were women. Of those examined, 979 passed the examinations, and their names were put upon the appropriate eligible lists, from which certifications for appointment have been made. Of the number examined, 1,568 had a common-school education and 14 had attended college. The number appointed upon certification was 416, of whom 350, including 4 veterans, were men, and 66 were women.

The number of veterans appointed under the exemption law (chapter 437 of the Acts of 1887) was 59.

The number of persons examined between Dec. 1, 1893, and Sept. 30, 1894, is 1,582. If the appropriations at the disposal of the commissioners were sufficient to permit the work of examination to proceed as rapidly in the months of October and November of this year as in the corresponding months of the previous year, the total number of persons examined would be about 2,100, which would be the largest number of persons examined since the passage of the act creating the commission.

The average age of persons who passed the examinations is substantially the same as that of other years, and shows that the examinations under the present system are practical in their character, and, so far as may be, relate to those matters which fairly test the relative capacity and fitness of the persons examined to perform the duties of the service into which they seek to be appointed, and are not merely scholastic examinations in which recent graduates of the schools and colleges are given an unfair advantage. In the past year, as in the former years, the extensions of the system have been made at the request of the officials charged with the administration of the laws, and indicates that the usefulness of the civil service system meets the approval of those who are best situated to know and appreciate its workings:

THE LABOR SERVICE.

During the past year the city government of Newton has voted to place its laborers under the civil service rules. The laborers of the city of Boston come under civil service rules, and the labor service in Cambridge and New Bedford, by vote of those cities, is also included under the supervision of the commissioners.

In Boston, during the year, 41 requisitions for laborers were made by the different departments, upon which 761 men were certified, of whom 446, or 58.61 per cent., were required to be under fifty years of age,—a requirement which the commissioners have always recognized as reasonable, in view of the arduous character of the work.

Of those certified, 414 were employed, of whom 25 were veteran soldiers or sailors.

During the year, 2,585 men were registered at the labor

office of this commission in Boston, including those restored to the list after honorable discharge from the service.

The total number of laborers in the city of Boston who were discharged during the past year was 435. This is a less number than have been discharged during any year since 1884, when the labor service of Boston came under the civil service rules. That fact is a further proof of the statement made in former reports of the commissioners, "that under the civil service rules the labor service of Boston is becoming more permanent." It is an interesting and instructive fact that, of the whole number of laborers and mechanics in the employ of the city during the past year, less than one-tenth of one per cent. were discharged on account of bad habits. It shows that the simplest requirements of the commissioners upon the question of the character and capacity of the employee have resulted in a satisfactory improvement of the labor service.

The commissioners, under the rules, are authorized to provide for the registration and certification of male laborers and mechanics in the employ of any city of the Commonwealth whenever such city shall appropriate such sum of money as, in the opinion of the commissioners, is necessary to provide for the full enforcement of all rules and regulations relating to the labor service of said city. The experience in those cities (other than Boston) in the Commonwealth where the labor service is now brought under the civil service rules shows that the sum of three hundred dollars is sufficient to cover all the expenses which the city is obliged to incur. This amount would cover the salary of the registration clerk and the expenses of obtaining such books and printing as may be necessary. As this is the only expense attendant upon bringing the labor service of a city under the civil service provisions, there seems no force to the objection that it cannot be afforded.

In January last, owing to the large number of unemployed persons in need of relief in the cities of Cambridge and New Bedford, where the labor service is under the provisions of the civil service rules, the commissioners adopted certain special regulations, which remained in force until the following May, to govern the employment of laborers

in those cities. This registration was confined to applicants who had the qualifications now required by the labor regulations of the commissioners, and were, in addition, in need of immediate employment; and when the services of laborers or mechanics were required, the department, board or officer authorized to employ them had the granted right in its or his discretion to make requisitions upon the commissioners for the names of applicants upon either the regular labor list of the city or upon the special list provided by the regulations. After the requisition calling for names from the special list, it was the duty of the registration clerk to certify to the employing department or officer double the number of names called for from said special list, giving preference in the selection of names to those applicants having the largest number of persons dependent upon them for support, and to the length of time the applicant had been out of employment.

In the cities where the special labor regulations were in force, the commissioners designated certain persons as boards of labor examiners, to inquire into the special qualifications of the applicants for employment. These examiners rendered gratuitous service in the emergency, and the commissioners desire to express their appreciation of the fidelity, discretion and philanthropy which characterized their services.

In Cambridge the number of laborers registered under general registration was 625, including restorations; 48 requisitions were received and 406 men were certified for employment, of whom 177 were employed.

In New Bedford 339 men were registered for the public labor service; there were 287 certifications for employment and 201 were employed.

EXTENSION OF THE CLASSIFIED SERVICE.

In the city of Boston the classification of draw-tenders and assistant draw-tenders has been extended to include engineers and assistant engineers upon bridges. Under chapter 352 of the Acts of 1889, the commissioners were required to include in the classified service school janitors and engineers in Boston. The city of Cambridge asked the

commissioners to extend the classified service to include school janitors and engineers in that city.

The rules of the commission have been amended the past year to provide that engineers, janitors and persons having charge of public-school buildings heated by other means than by direct furnace or stove heat, in any city except Boston, shall be included in the classified service when the school committee of such city shall have requested the commissioners to include such force.

Under the provisions of chapter 455 of the Acts of 1894, directing the appointment of inspectors of plumbing in every city of the Commonwealth and in each town of five thousand inhabitants or more, and in each town having a system of water supply or sewerage, and providing that all such inspectors shall before appointment be subjected to an examination before the civil service commission, the commissioners have adopted a plan of examination to test the qualifications of persons appointed as such inspectors, and they are prepared to examine applicants for the position of inspector of plumbing at the request of any such city or town. No examinations of inspectors of plumbing in towns under the provisions of that act have been held up to Sept. 30, 1894, except in the town of Natick.

APPOINTMENTS OUTSIDE THE CLASSIFIED SERVICE.

It is interesting to notice that, in addition to the extensions of the classified service above mentioned, the commission has been requested during the past year to examine applicants for positions which do not come under the civil service rules. At the request of the school committee of Cambridge, an applicant for the position of janitor, prior to the adoption of the rule before mentioned, including janitors within the classified service, was examined as to his knowledge of steam; and, at the request of the mayor of that city, eight persons who were applicants for the position of janitor were examined as to their knowledge of steam. Upon the request of the trustees of the Cambridge Public Library, the applicant for the position of janitor in that building was also examined. In accordance with the request of the adjutant-general, an examination was held by the

commissioners of twelve applicants for the position of janitor in the Armory at Lynn. Prior to the passage of the Act of 1894, relating to the examination of inspectors of plumbing, at the request of the board of health of the town of Hyde Park four plumbing inspectors were examined by this commission. The provisions of the civil service act were extended by chapter 267 of the Acts of 1894 to include all towns in the Commonwealth having a population of twelve thousand inhabitants or over, and to take effect in any such town upon its acceptance by a majority of the legal voters of the town present and voting thereon at a town meeting called for the purpose.

This act has been accepted by the town of Brookline.

RECOMMENDATIONS.

The commissioners have recommended in former years that, so far as possible, the salary of every officer be fixed by statute, and that the system of aggregate appropriations for clerical services of the department, leaving the head of the department to distribute it in his discretion, be abolished. The commissioners now recommend that the salaries of the clerks in their own department be fixed by statute, as the salaries of the chief examiner and secretary of the commission are now fixed. In view of the large increase in the duties of registration clerk of the department, and of the fact that he has the special supervision of the labor service of Boston, and is required to superintend the establishment of the labor service in such cities as from time to time require it of the commission, it seems to the commissioners that it is desirable not only to fix the salary of that official, but that the title of his office be established by law.

LABOR SERVICE IN BOSTON.

During the ten months ending Sept. 30, 1894, 41 requisitions for skilled and unskilled laborers and mechanics were received from the several departments of the city of Boston. There were 761 certifications made, and of this number 446, or about 58.61 per cent., were made in response to requisitions which specified a limit of age at either forty, forty-five or fifty years.

Of the total number of laborers and mechanics employed during that period, about 72.46 per cent. were required for the heavy trench work of the water supply department; only 13 per cent. of this number being employed by the department for special service on the construction of Basin VI., at Ashland.

The table of discharges accompanying this report shows that, of the whole number of mechanics and laborers in the employ of the city during the past ten months, less than one-tenth of one per cent. were discharged for bad habits.

SPECIAL REGISTRATION OF THE UNEMPLOYED.

In February, 1894, under instructions from the commissioners, a special registration of the unemployed was inaugurated in the city of New Bedford. On the recommendation of His Honor the Mayor, the following-named gentlemen were designated as "labor examiners": Orrick Smalley, Esq., *Chairman*; Rev. P. R. Frothingham, *Secretary*; Rev. Edward Williams, Rev. James F. Clark, Joseph Chausse, Esq.

The examiners received applications from citizens who were in need of work, and if after investigation they were found to be deserving, they were furnished with a certificate to that effect. My office was open daily for the registering of holders of these certificates, and during the time when the special regulations were in effect there were registered 271 persons, all of whom were given employment for a greater or less time, as their needs demanded. Finding that the rule allowing the employment of citizens only excluded a large number of needy persons from sharing the benefits of the \$5,000 appropriated by the city council, the balance then unexpended (about \$1,500) was turned over to the poor department for disbursement. There is no doubt that much good was done by this action on the part of the commissioners and the city council, and that the money earned at this time was the means of tiding many a poor family over a very rough time in their lives. Many availed themselves of the opportunity to work and earn money who would have shrunk from accepting charity undisguised.

Respectfully submitted,

R. R. TOPHAM,
Registration Clerk.

[Chapter 320, Acts of 1884.]

AN ACT TO IMPROVE THE CIVIL SERVICE OF THE COMMONWEALTH AND THE CITIES THEREOF.

Be it enacted, etc., as follows :

SECTION 1. The governor shall with the advice and consent of the council appoint three persons to be civil service commissioners, who shall serve, one until the expiration of three years, one until the expiration of two years, and one until the expiration of one year, from the first day of July in the year eighteen hundred and eighty-four, and until their respective successors are appointed and qualified ; and in the year eighteen hundred and eighty-five and in every year thereafter, the governor shall, in May or June, in like manner appoint one person to serve as such commissioner for three years from the first Monday in the July then next ensuing, and until his successor is appointed and qualified. Any vacancy in the office of commissioner shall be filled for the unexpired term by appointment as above provided. All appointments, both original and to fill vacancies, shall be so made that not more than two commissioners shall, at the time of any appointment, be members of the same political party. The governor may also, with the advice and consent of the council, remove any commissioner. Each commissioner shall be paid five dollars for each day's service, and his travelling and other necessary expenses in the discharge of his official duty.

SECT. 2. The said commissioners shall prepare rules not inconsistent with existing laws or with the provisions of this act, and adapted to carry out the purposes thereof, for the selection of persons to fill offices in the government of the Common-

wealth and of the several cities thereof, which are required to be filled by appointment, and for the selection of persons to be employed as laborers or otherwise in the service of the Commonwealth and of the several cities thereof. All rules so prepared shall be subject to the approval of the governor and council, and they may, with like approval, be from time to time altered or rescinded. The said commissioners shall supervise the administration of the rules so established; they shall from time to time suggest to the general court such legislation as may seem to them to be desirable for the efficient carrying out of the principles of this act, and for the improvement of the civil service; and they shall, on or before the tenth day of January in every year, report to the general court their doings during the preceding year, including any rules adopted under the provisions of this section.

construed to forbid such persons to be members of political organizations or committees.

SECT. 13. No city in the Commonwealth shall pay any bill incurred by any official or officials thereof for wines, liquors or cigars; nor shall any city pay any bill for refreshments furnished to any official of said city where the amount for any one day shall exceed one dollar for each member of the government of said city who certifies over his own signature to the correctness of the bill.

GENERAL REGULATIONS

ADOPTED BY THE

CIVIL SERVICE COMMISSIONERS.

THE CHIEF EXAMINER.

1. The chief examiner shall, so far as practicable, attend the examinations held by the several boards of examiners.

He shall take care to secure accuracy, uniformity and justice in the proceedings of all examiners and boards of examiners under the rules and regulations; and such proceedings and all papers appertaining thereto shall at all times be open to him. He shall also, from time to time, inspect the proceedings and papers connected with examinations under the civil service rules, and shall make report of such inspection to the commissioners.

2. He shall prepare and submit to the commissioners proper schemes for examinations, and forms for blanks and records.

He shall take care that the rules and regulations are complied with, and shall bring any case of their infraction, or of injustice or irregularity, observed by him, to the attention of the commissioners. It shall be his duty, from time to time, to confer with the heads of departments, offices and institutions of the Commonwealth, and the several cities thereof, concerning the regularity, sufficiency and convenience of the examinations for the service under them. He shall perform such other appropriate duties as may be specified in these regulations, or otherwise assigned to him by the commissioners.

THE SECRETARY.

3. The secretary shall keep the records of the proceedings of the commissioners, and have charge of, and be responsible for, the safe keeping of the books, records, papers and other property in their office. He shall make such certification as the commissioners may direct of those eligible for appointment or employment. He shall generally conduct the correspondence of the commissioners, and perform such other appropriate duties as they may assign to him.

EXAMINERS.

4. Regular boards of examiners shall consist of not less than three nor more than five members, one of whom shall act as secretary ; and a majority of any board may conduct an examination in the absence of the other members. The secretary of each board shall keep a complete record of its proceedings, and of all the examinations held by it, in such form as the commissioners may prescribe.

5. The board of examiners for each city shall promptly notify the commissioners of the need of holding an examination in and for such city ; and thereupon the chief examiner shall, under the direction of the commissioners, issue authority therefor, and shall prepare questions and supervise the other preliminary arrangements.

6. The boards of examiners shall conduct the examinations, and estimate and mark the standing of the persons examined, or in a non-competitive examination shall mark the qualifications of the person examined.

7. Special boards will be selected, and special regulations for examinations will be issued by the commissioners when expedient.

8. No examiner or person serving under the commissioners shall attempt to influence the selection of any person for the civil service.

9. The examiners shall preserve order and decorum at examinations, and prevent any interference, by conversation or otherwise, with those under examination.

10. Each examiner will exercise diligence in securing fairness and preventing collusion and fraud in the examinations.

11. No examiner shall disclose, unless by consent of those examined, the results of the examination.

12. Any person, after receiving official notification of his standing, as ascertained by a competitive examination, may, in person or by duly authorized agent, inspect his examination papers.

13. Complaints of any injustice or unfairness on the part of any examiner or examining board, or by any one acting under the commissioners, may be made in writing to the commissioners, who will act as substantial justice in the premises may require.

14. Each examiner shall be entitled to receive from the appropriation for the expenses of administering the civil service law twenty cents for each applicant whose examination he shall attend, and twenty cents additional for each set of examination papers he

shall mark ; the total number of papers prepared by one applicant being considered a set. For the additional service rendered by the secretary of each board of examiners of cities other than Boston, in registering the eligibles, certifying the same, conducting necessary correspondence, and in other ways, he shall be entitled to receive from the same appropriation the additional sum of twenty-five cents for each eligible so registered. [3, 24, '93.]

15. When a civil service examiner becomes an applicant for a position within the classified civil service, his office as examiner shall be declared vacant.

COMPETITIVE EXAMINATIONS.

16. Applicants must present themselves punctually at the times and places specified in their official notices to attend, and they will be admitted to examination upon the production of such notices.

17. Each applicant in a competitive examination shall first be presented with a declaration paper, on which he will write his name, age, residence, examination number, etc., after which he will place it in an envelope, seal the envelope, and thereafter he shall mark each paper with his examination number only. The envelope shall not be opened until after all his examination papers are marked.

18. The sheets of questions will be numbered, and will be given out in the order of their numbers, each after the first being given only when the competitor has returned to the examiners the last sheet given to him. In general, no examination shall extend beyond five hours. Each applicant must complete his examination on the obligatory subjects before taking up any of the optional subjects.

19. The subjects of, and the time allowed for, the examination, will be announced before the first paper is given out.

20. Applicants for appointment in classes 2 and 4, Schedule B (the fire and police departments of the city of Boston), shall be examined by the city physician to test their physical soundness, and no one who fails to pass such examination shall be eligible for appointment.

Each applicant who shall have passed such examination, and also the educational examination, shall be required to undergo such further physical examination as the commissioners may from time to time prescribe, adapted to ascertain his special fitness for the service for which he has applied.

Such examination shall be made by a physical examiner, to be appointed by the commissioners, and shall be recorded upon

blanks provided for the purpose, upon which each required qualification shall be entered, and shall be marked with the percentage of excellence which the several applicants shall respectively be found to possess.

The percentage of each qualification shall be multiplied by the weight prescribed for each by the commissioners; and the quotient found by the division of the aggregate of value so arrived at, of each applicant, by the aggregate of weights shall constitute the percentage of condition of such applicant.

When an applicant for police or fire service in Boston fails to obtain sixty-five per cent. in either strength tests or development, he shall not be re-examined in those subjects until after he has filed a new application and undergone another examination as a new applicant. [1, 9, '91.]

To determine the standing of applicants for appointment in Class 4, Schedule B (the police force of Boston), equal weight shall be given to the physical and educational examinations; in Class 2, Schedule B (the fire force of Boston), the comparative weight to be given to each of such examinations shall be three to two. [1, 30, '94.]

21. Applicants for fire service in Boston, who have passed the examination and are on the eligible list for appointment to the permanent substitute force, may be certified for appointment to the call force upon the percentage obtained in their educational examination: *provided, however*, that such certification, or appointment in the call force, shall not affect their standing on the eligible list for the permanent substitute force.

22. Applicants for positions as watchmen and turnkeys in the State Prison and Massachusetts Reformatory shall undergo such physical examination by one of the medical examiners of the Commonwealth as may be from time to time prescribed by the commissioners.

NON-COMPETITIVE EXAMINATIONS.

23. In cases where a non-competitive examination may be needed, either to test the capacity of applicants for any part of the service which requires peculiar information or skill, or to fill a position for which there are no suitable candidates on the eligible list, or for promotion, or temporary appointment, or otherwise, the commissioners will provide for such examination.

24. Applicants for non-competitive examinations shall fill out and make oath to the proper application paper (without certificates); but any person named by the appointing power for non-

competitive examination may file such paper at any time before undergoing the examination.

25. The non-competitive examination shall conform, as nearly as practicable, in subject, questions and marking, to the competitive examination of the same grade.

26. Non-competitive examinations shall, in the absence of any special regulations to the contrary, be conducted by the chief examiner, and the papers marked by him with the assistance of such person as he may select.

SPECIAL EXAMINATIONS.

27. Applications for any special examination must be made in the form prescribed by the commissioners, and must be accompanied by certificates, as required in cases of ordinary applications.

28. Whenever a special examination is to be held, proper notice shall be given by advertisement or otherwise.

29. Each special examination shall embrace the subjects approved by the commissioners, after consultation with the head of the office concerned, or the special examining board for such office; and shall, so far as appropriate, be conducted under the general regulations, as to the marking of examination papers and the grading of persons examined.

30. A special record of applicants, and a special register of eligible persons, shall be kept for each part of the service, or office requiring special examinations; and when the commissioners or the proper examining board shall be notified by the appointing officer of a vacancy in such part of the service, certification shall be made to him of the names of the three persons graded highest on the special list of persons eligible for the same.

31. In case competent special applicants do not apply, after suitable notice, the appointing officer may be authorized to select a person for non-competitive examination.

MARKING.

32. Each examination paper shall be reviewed by a majority of the examiners conducting the examination; and, in any case of disagreement, the average of the markings made on any question or paper by all shall be the final marking on such question or paper.

33. The papers in each subject shall, whenever practicable, be examined, compared and marked before the papers in another subject are examined.

34. The marking of each question or subject shall be made on a scale of 100, which shall represent entire accuracy; and 0 shall represent entire ignorance. Handwriting will be judged by its legibility, uniform and correct formation of letters and ease of execution. Upon a comparison of the handwriting of all, the best and worst should be first determined, and the two extremes of the scale thus fixed; the others should be marked relatively to them. In writing from dictation or copying from manuscript, the omission, repetition or substitution of words, the erasures, blots and other evidences of carelessness, will reduce the marking below 100. Abstracts or summaries of documents, and letter-writing, will be marked as in handwriting, by determining the best and worst examples; and the examiners, having marked these, will then mark the others proportionately.

35. In each of the other subjects, each question shall be marked on a scale of 100; and the sum of such markings, divided by the number of questions in that subject, shall determine the standing on such subject.

36. In marking the examination papers of applicants for police, prison and fire service, orthography shall not be marked as a subject to which a special weight is attached; but errors in orthography shall be taken into account in marking the exercises in copying, letter-writing and reporting.

37. The following examples show the method by which the standing of each competitor is obtained. The weights here given to the different subjects are not to be regarded as the standard weights; these, and also the subjects, will be varied to meet the requirements of the position to be filled.

It will be observed that the standing on each subject is multiplied by the weight given that subject, and the product placed in the third column; the sum of these products, divided by the sum of the weights, gives the general average standing.

ELIGIBLE LIST.

38. The names of those found eligible shall be enrolled upon a register in form prescribed by the commissioners.

39. Priority of date in examination will give no advantage in position on the eligible list.

40. The names of persons placed on the eligible list in Class 2 of Schedule A (the higher clerical service) may also, upon request in writing, be placed on the eligible list for positions in Class 1 of Schedule A, with the same standing.

41. Persons whose names are on the eligible list for the prison service of a city may, upon request in writing, have their examination papers marked by the State Board of Examiners; and, if they are found qualified, their names may be placed on the eligible list for the prison service of the Commonwealth. Persons whose names are on the eligible list for the prison service of the Commonwealth, who have been residents of the city in which they reside for six months, may, upon request in writing, have their examination papers marked by the board of examiners for the city in which they reside; and, if they are found qualified, their names may be placed on the eligible list for the prison service of said city.

42. Persons whose names have been on an eligible list one year, may, upon request in writing, and satisfactory evidence in regard to health and other qualifications, be continued upon the eligible list without further examination for a second year.

CERTIFICATION.

43. In all cases of certification, the appointing officer is entitled to three names. He can make requisition to fill each vacancy, and receive three names; or, for his own convenience, unless otherwise ordered in any particular case by the commissioners, in cases where more than one vacancy exists, he can, in one requisition, call for names to fill all the vacancies. In that case he will receive together the names he would have received in separate certifications. As no person under the rules is entitled to certification more than three times except by consent of the appointing power, this proportion shall be as follows: For one vacancy, three names shall be certified; for two vacancies, four names; for three vacancies, five names; then for each multiple of three vacancies, the same multiple of five names; for one vacancy over a multiple of three, three names additional to those pre-

scribed for such multiple ; for two vacancies over a multiple of three, four names in addition to those prescribed for such multiple.

For example : —

For 1 vacancy certify 3 names.

2 vacancies	"	4	"
3	"	5	"
4	"	8	"
5	"	9	"
6	"	10	"
7	"	13	"
8	"	14	"
9	"	15	"
10	"	18	"

For 11 vacancies certify 19 names.

12	"	"	20	"
13	"	"	23	"

17	"	"	29	"
18	"	"	30	"
19	"	"	33	"
20	"	"	34	"

44. Whenever an officer, who shall have made a requisition to fill a certain number of vacancies, shall appoint to office a smaller number than that of the vacancies named by him, he shall not make the selection therefor from the whole number certified to him, but only from that number of names standing highest upon said list that would have been certified to him had the requisition stated the number of vacancies which he actually filled. In case of doubt what that number would be, he will apply to the commissioners for information before making selection.

45. No one who may be examined upon any subject of a technical or special character, in addition to the general or limited examination, shall be entitled to be certified for appointment, if his standing in such subject shall be less than sixty-five per centum of complete proficiency.

46. All the applicants for promotion in the Boston police force who pass the regular examination in penmanship, orthography, composition, arithmetic and the duties of the office, shall be certified to the Board of Police. Those who served in the military or naval forces of the United States in time of war, and received an honorable discharge therefrom, shall be indicated ; and such persons shall be preferred for appointment.

47. In case a person upon any register shall, by reason of ill-health or physical incapacity, in the judgment of the commissioners, become manifestly disqualified for the service for which he or she is registered, the commissioners may direct that such person be not certified ; and the commissioners must be informed by the proper examining boards of each case of such disqualification.

48. The applicant affected by such suspension, or refusal of an examination, may make complaint in writing to the commissioners, who will take proper action thereon.

GENERAL PROVISIONS.

49. In case any applicant makes any false statement for the purpose of securing an examination or preference, or has been guilty of bad faith or fraud, and in case *prima facie* evidence shall be presented to the board of examiners that any person on a record or register is, by reason of bad character or dissolute habits, or any criminal or disgraceful act committed by him, or of his dismissal for good cause from the public service, not a fit person to be examined, marked or certified, it will be the duty of the board to report upon the matter fully and promptly to the commissioners; and the marking, grading or certification of such person shall be suspended, pending the action of the commissioners upon the subject. Upon such report to the commissioners, or the production of any other evidence, the commissioners will make the proper investigation and give appropriate direction to the board of examiners.

50. The commissioners cannot advise persons as to vacancies in the service, nor furnish any information as to the duties, salaries, course of promotion, or other conditions of positions and offices, except such as may be found in printed regulations. No advice can be given as to the course of preparation that applicants should follow, nor can specimens of the examination papers be furnished.

51. Every application paper and accompanying certificates will remain on file in the office of the commissioners or boards of examiners, and under no circumstances or conditions will the originals be returned to the applicant.

SPECIAL REGULATIONS

IN RELATION TO THE

EMPLOYMENT OF LABORERS AND MECHANICS.

1. Men who seek employment as laborers or mechanics shall apply for registration at the civil service labor office, in their respective cities, at such times as may be designated by the commissioners. When the applicants for work as common laborers, or as skilled laborers or specialists, are, in the opinion of the commissioners, sufficient to meet all probable demands for a period of six months or more, registration of the class for which the supply is sufficient shall cease, except in the case of persons who have served in the army or navy of the United States in time of war, and received an honorable discharge therefrom, and who produce the requisite certificates as to character and capacity.

2. No applicant for the labor service who may have acquired, by reason of previous registration or previous service, the right to register in the second division of the classified service at the time when the eligible list is closed to general registration, shall retain such right unexercised for a longer period than two years, except by vote of the commissioners.

3. Laborers employed as boys, and receiving boys' pay, who have served as such two years, may, at the request of the head of the department in which they have served, be allowed to register at any time as laborers in the classified service.

4. Each applicant must produce a certificate, signed by two reputable citizens of his city, of his capacity for labor and his habits as to industry and sobriety: *provided, however*, that in the case of a person honorably discharged from the services of the city, a certificate by the officer under whom he served, of his capacity and good conduct, may be accepted, in the absence of evidence to the contrary, as sufficient. When the applicant desires to be registered for any other service than that of a common

laborer, he will be required to produce a certificate, from some competent person or persons, of his ability to do the special kind of work for which he alleges capacity, and for which he desires to be certified.

5. The registration clerk shall require each applicant to state, under oath, his name, residence, citizenship, age and number of persons depending upon him for support; his services, if any, in the army or navy in time of war; his present employment and past occupation; and such other facts as the commissioners may deem necessary to show his capacity for labor and his habits as to industry and sobriety.

6. The clerk shall append to each statement a brief personal description of the applicant, and any notes that may serve to show his capacity for the service sought. Where the applicant appears to possess very superior physical qualifications, the fact will be noted. The certificates produced by each applicant shall be attached to his statement, and placed in an envelope bearing his name and number.

7. Before entering the name of any applicant on the register, such further inquiry may be made in regard to his character and capacity as the commissioners may deem practicable or expedient.

8. When it shall appear from the evidence presented that an applicant is capable and of temperate and industrious habits, the clerk shall place his name on the register.

9. In case an applicant, who has made a sworn statement as hereinbefore provided, is found to be unfit or in any way disqualified to perform the service which he seeks, his name shall not be entered on the register, and the reason therefor shall be endorsed on the applicant's statement.

10. When the services of laborers are required in any department to which the rules apply, the head of the department, or other officer thereto duly authorized, shall make a requisition upon the commissioners for the number of laborers wanted, specifying the kind of service for which they are wanted.

11. Upon the receipt of such requisition, the clerk, under the direction of the commissioners, shall send to the officer making the requisition double the number of names called for, if the register contains so many, stating the following particulars in regard to each; namely, registration number, name, residence, citizenship, age, number in family, service in army or navy in time of war, kind of labor for which he alleges capacity, references, and such other information as the commissioners may direct.

12. In filling requisitions for laborers and mechanics, preference will be given, other things being equal, to those on the register

who have had experience in city work, those who have served in the army or navy in time of war, and those having families depending upon them for support. When the service calls for men possessing superior physical qualifications, the officer making the requisition will so state; and the selection will, so far as practicable, be made from those marked at the time of registration as possessing such qualifications.

13. Whenever the commissioners shall be unable to fill a requisition for laborers, and shall certify such fact to the officer making the requisition, and permit him to make the selection himself, the laborers so selected shall present themselves at the civil service labor office, in their city, for registration in the manner and under the condition prescribed for those seeking employment, as set forth in special regulations in relation to the employment of laborers: *provided*, that the commissioners may suspend this regulation in emergencies, when, in their opinion, the good of the service shall require such action.

14. Whenever an officer, who shall have made a requisition for a certain number of laborers, shall employ a smaller number, he shall not make the selection therefor from the whole list certified to him, but only from the number of names standing first upon said list double the number he shall actually employ.

15. When the head of the department or other officer has selected and employed such of the persons named on said list as he may require, he shall forthwith return to the commissioners' office a list of the persons so selected, stating the kind of work for which they have been employed. In case any of the persons certified fail to respond to the call of the head of the department or other officer, or decline the employment offered, or withdraw from the service without good cause, the registered numbers of such persons shall be returned to the commissioners with a statement of the facts; and the names of such persons shall be taken from the register, unless a satisfactory explanation of the failure or refusal to work is given.

16. When a laborer in any of the departments coming within the rules is discharged or dropped from the pay-rolls, a certificate of the fact shall be sent to the commissioners, on a form provided therefor, stating the name of the person, his registration number, the date of his employment, the kind of work on which he was employed, the date of his discharge, the cause and whether his conduct and work have been satisfactory.

17. If the person so discharged or dropped desires to have his name restored to the register, he can apply at the registration office; and, if it appears that his conduct and work have been

satisfactory, and that he is a man of good habits and able-bodied, it will be done.

18. When a person is discharged from the labor service for "loitering," "incompetence," "unsatisfactory work," or any equivalent cause, unless the charge is disproved, he shall not be eligible for registration again for a period of at least six months from the date of such discharge. At the end of that time he can apply for registration on the same basis as other citizens; and, in case he is registered, he shall not be eligible to certification to the department from which he was discharged except with the written consent of the head of that department. When a person is discharged from said service for "intoxication," and the charge is not disproved, he shall not be eligible for registration again for a period of at least a year from the date of such discharge; and his registration then will be subject to the conditions hereinbefore prescribed for men discharged for "incompetency," etc. In case a person is discharged a second time for any of the causes named, he shall not be eligible for registration again, except by special vote of the commissioners.

RULINGS OF COMMISSIONERS.

I. RULINGS UPON CONSTRUCTION OF THE CIVIL SERVICE ACT.

1. "*Shall supervise the administration of the rules.*" [Civil Service Act, sect. 2.] The jurisdiction conferred by the Act upon the Civil Service Commissioners is to prepare civil service rules and supervise their administration. They are not required to supervise the administration of those provisions of the Civil Service Act which have force and effect wholly separate and apart from the rules.

2. "*May be given a general or a limited application.*" [Civil Service Act, sect. 14.] Their limitation may be geographical or subjective. The rules may be applied to certain cities and to certain classes of public offices. (*See Opinion of Justices of Supreme Judicial Court, 138 Mass. 601.*)

3. "*In time of war.*" [Civil Service Act, sect. 14, clause 6; and Rule XXXV., clause 2.] Actual service under General Custer against the Indians held to give preference.

4. "*Conviction*" [Civil Service Act, sect. 4] is not limited to mean merely the conviction by a verdict or plea of guilty, but fairly includes a final judicial determination or judgment before the right to appointment or employment in the public service can be denied to any citizen otherwise qualified. [1, 25, '89.]

5. "*Chief superintendents and marshals of police departments.*" Assistant or deputy marshals are not included in this exemption. They are not within the language or intention of the exemption. The word "chief" is used here as an adjective, meaning the "principal." (*See report for 1886, page 96.*)

6. "*They may designate persons in the official service.*" [Civil Service Act, sect. 20.] This does not exclude private citizens.

II. RULINGS UPON CONSTRUCTION OF THE RULES.

7. *Increase of Age.* — A person examined and found eligible for appointment is not rendered ineligible for appointment or con-

tinuance on the eligible list by the fact that he has passed the maximum age limit after filing his application.

8. *Alien Women.*—A woman who is not native born, and who has never been naturalized, is not a citizen of the United States within the meaning of the rules, unless her parents were native born, or were naturalized during her minority.

9. “*Sixty-five percentum of complete proficiency in the first three subjects.*” [Rule XXI., clause 3.] Under this Rule, to determine whether an applicant has obtained the required percentum, the average of all the papers upon each subject must be taken, and the relative weights applied. [12, 20, '86.]

10. *Marking.*—Under Rule XXI., the “standing upon a just grading,” “in each of the obligatory subjects,” shall be construed to mean the standing upon such subjects after the weights prescribed by the commissioners have been applied and the average obtained. [12, 20, '86.]

11. “*Persons may be certified more than three times.*” [Rule XXIX., clause 1.] This does not apply to a person who, at the time of certification, is not one of the three highest on the eligible list, and the rule does not in any case enlarge the number of persons to be certified. [8, 20, '86.]

12. *The Request of an Appointing Officer.*—Under Rule XXIX., clause 1, the request of an appointing officer to the further certification of a person after a certification three times must be made at the time of making requisition. When such request is made, the said person shall be restored to the eligible list for certification to such appointing officer, if the limit of time for which his name was originally placed on the list has not expired, and his standing places him within the number entitled to be certified on said requisition. [1, 30, '88.]

13. *City Marshal appointed Police Officer.*—The city marshal of Worcester, holding an appointment as a police officer of the city, independent of his appointment as city marshal, so that his removal from or suspension in the latter office would not vacate his warrant as a police officer, can be reappointed a police officer at the expiration of his term, without examination, in the same manner as other regular police officers within the classified service. [1, 1, '86.]

14. *Appointment after Dismissal.*—A person who was in the service when the civil service rules went into operation, and who afterwards resigned or was dismissed without any fault or delinquency, can be restored to the service only in accordance with the

civil service rules, as in case of an original appointment. [4, 23, '86, and 3, 11, '90.]

15. *Eligible.* — A police applicant does not cease to be an eligible, so as to be removed from the operation of section 3 of Rule IX., from the fact that he has been nominated by the mayor, if his confirmation by the board of aldermen is pending. [5, 3, '92.]

16. *Eligible List.* — When a person whose name is on more than one eligible clerical list receives a permanent appointment through certification from either of said lists, his name shall be dropped from all such lists. [3, 11, '90.]

17. *Reappointment after Previous Service.* — In those departments of the State or of the cities where the services of clerks are required during only a part of the year, the persons who have been heretofore employed in such service may be re-employed for the same service without being certified under the rules: *provided*, always, that the employment is as continuous and prolonged as its nature will permit. There is clearly a distinction to be made between such service and the permanent service. While the former furnishes a proper basis for reappointment for the same position, it does not establish such a relation to the service as would justify transfer or promotion to a permanent position without examination, as provided in clause 5 of Rule XLIII.

18. *Permanent Appointment.* — Under civil service Rule XXXVII., a person must serve six months from the date of his appointment upon certification before he can receive a permanent appointment. [3, 14, '90.]

19. *Temporary Service.* — When a requisition is made to fill a vacancy in any permanent position included in Schedule A, and a person certified and appointed under the civil service rules is performing temporary service in the office or department from which the requisition is made, such person shall, for all purposes of certification, be deemed on the eligible list. [6, 7, '85.]

20. *Transfer for Temporary Service.* — A person who has been employed during the year in temporary clerical service in the assessors' office may be transferred, without examination, for temporary clerical service in the office of the registrars of voters, provided his name appears upon the roll in this office as one of the temporary clerks in the assessors' office, and the transfer is made in accordance with the provisions of the rules. [6, 15, '86.]

21. *Transfer.* — A person in the prison service of a city may be transferred to a position in the prison service of the Common-

wealth, upon the request of the head of the institution desiring his services, and the consent of the head of the institution where he is employed at the time.

22. *Emergency.* — The only emergency which will justify a temporary appointment, without previous requisition, is one where the public business will suffer from delay in filling the position as provided by the rules. This definition necessarily excludes all cases where another employee in the same office can perform the duties of a suddenly vacated position during the brief period needed for filling a requisition; all cases where extra work comes upon an office, when a reasonable exercise of forethought would give time to provide for it regularly by making requisition for additional help; all cases where an immediate filling of a vacancy is desirable, without being essential to the good of the service; and similar cases. [12, 10, '86.]

23. *Special Police Officers from Eligible List.* — Special police officers who have been appointed from the eligible list, although having a permanent appointment, are, by reason of the intermittent nature of their service, entitled to be retained on the eligible list for appointment as regular police officers. [10, 9, '86.]

24. *Local Ordinances and Regulations.* — The civil service commissioners will take cognizance of local ordinances and rules and regulations in regard to the age, residence and citizenship of persons appointed to or employed in any position in the classified service, in the several cities of the Commonwealth, provided that such local ordinances or rules or regulations are not contrary to the civil service rules approved by the Governor and Council. [12, 16, '85.]

25. *Probationary Period.* — Cases of promotion are not original appointments, in the sense that service for a probationary term will be required. [12, 20, '86.]

26. *Laborers, Promotion of.* — Laborers cannot be promoted to offices in the first division of the classified service by non-competitive examination. [6, 3, '89.]

27. *Health Officer.* — Whenever the duties prescribed for the health officer of a city are such as can only be performed by a physician, such position is not within the classified civil service. [6, 6, '89.]

28. *Clerks, Promotion of.* — When the pay of the clerk is increased so as to raise the annual compensation from a sum less than eight hundred dollars to the sum of eight hundred dollars or

over, it is equivalent to promotion from one class to another ; and the person whose pay is so increased must be subjected to a non-competitive examination, unless he has already passed an examination for the higher clerical service. [3, 1, '86.]

29. *Fire Department of Boston.*—Call substitutes can be appointed by the fire commissioners, without the intervention of the civil service commissioners ; but such substitutes cannot be appointed in the call force, or as permanent substitutes, without undergoing examination in the same manner as is required for admission to those branches of the service.

All assignments for duty in the regular force, in positions below that of lieutenant, may be made by the fire commissioners, without the intervention of the civil service commissioners.

III. RULINGS UPON CLASSIFICATION OF THE PUBLIC SERVICE.

30. *Experts in Bureau of Statistics of Labor.*—The experts and special investigators, employed from time to time for temporary service in the Bureau of Statistics of Labor, are not included in the present classified service of the Commonwealth. [6, 10, '85.]

31. *Assistant Superintendent of Lyman School.*—The office of assistant superintendent of the Lyman School for Boys at Westborough is not within the present classified service. [5, 5, '86.]

32. *Indexer of Public Statutes.*—The person annually appointed, under chapter 238 of the Acts of 1882, to prepare tables for publication in the "Blue Book," showing the annual changes made in the Public Statutes and in all subsequent general legislation, is not within the classified service. [5, 19, '86.]

33. *Analysts and Chemists.*—The analysts and chemists provided for by chapter 263 of the Acts of 1882, relating to the adulteration of food and drugs, are not included in the classified service. The inspectors provided for under the same statute are within the classified clerical service. [7, 12, '86.]

34. *Treasurer of Overseers of the Poor.*—Owing to the peculiar qualifications required of the treasurer of the Overseers of the Poor in Boston, it was held that the office does not come within the provisions of Rule VI., clause 2, defining the clerical service, and, therefore, is not within the classified service. [4, 27, '86.]

35. *Assistant Assessors.*—First and second assistant assessors of taxes in Boston are not within the classified service, as the duties of the office do not come within either of the classes mentioned in Rule VI. [1, 9, '86.]

36. *Watchmen.* — Watchmen for night service, appointed under authority of a city ordinance by the mayor and aldermen, and paid by the city, are held to be members of the regular police force of the city, within the civil service rules.

37. *Superintendent of Pier.* — The person in charge of the pier at the Marine Park in South Boston is within the classified service, and comes under the head of Park Police and Watchmen, Schedule B, Class 1. [7, 22, '86.]

38. *Boys.* — Laborers employed as boys, and receiving boys' pay, are not within the classified labor service. [10, 6, '86.]

39. *Visitor of Overseers of the Poor.* — The visitor or secretary of the Board of Overseers of the Poor, when a member of the Board, is not within the classified civil service, in such case the performance of the duties of visitor or secretary being held to be the assumption of additional duties as a member of the Board; but such person, who has been appointed without certification, by reason of his membership of the Board, to any office in the classified service, cannot continue to hold such office after ceasing to be a member of the Board. [2, 28, '88.]

40. *Classified Offices.* — Persons employed by the city of Boston as clerks, watchmen, laborers, etc., in work of the city outside the city limits, are within the classified civil service. [11, 14, '90.]

41. *Assistants to the Superintendent of Public Buildings of Boston* fall within class 7 of Schedule B of the classified service. [3, 1, '92.]

Applicants must be citizens of the United States who have resided in the Commonwealth for one year next preceding the date of their application, and, if they apply for appointment in the service of a city, they must have resided in such city for six months next preceding the date of their application.

In Schedule A there is no requirement as to age, height and weight, except that female applicants must be not less than eighteen years of age.

In Schedule B there are the following requirements as to age, height and weight: (a.) In class 1 (the prison service) there is no requirement as to age, height and weight, except that applicants for positions in the State Prison and Massachusetts Reformatory must be not less than five feet seven inches in height in bare feet and weigh not less than one hundred and thirty-five pounds without clothing. (b.) In class 2 applicants for appointment to the fire force of Boston must be not less than twenty-two nor over thirty years of age at the time of making application, and must be not less than five feet seven inches in height in bare feet and weigh not less than one hundred and thirty-five pounds without clothing: *provided, however*, that applicants for appointment to the call force of the fire department of Boston, who are serving as call substitutes in said department, may, for the purpose of making themselves eligible under the rules for examination, deduct from their actual age any time not exceeding five years during which they have served in such capacity; and *provided, further*, that applications for appointment as permanent substitutes may be made by persons serving in the call force who are under forty years of age. (c.) In class 3 applicants for appointment to the police force of any city other than Boston must be not less than twenty-two nor over forty years of age, and applicants for appointment to the district police force must be not less than twenty-two nor over fifty-five years of age at the time of filing the application: *provided, however*, that this limitation as to age shall not apply to persons who served in the army or navy of the United States in time of war, and have been honorably discharged therefrom. In all cases in this class, except the inspection force of the district police, applicants must be not less than five feet seven inches in height in bare feet and weigh not less than one hundred and thirty-five pounds without clothing. (d.) In class 4 applicants for appointment to the police force of Boston must be not less than twenty-five nor over thirty-three years of age at the time of filing the application, and must be not less than five feet eight inches in height in bare feet and weigh not less than one hundred and forty pounds without clothing. (e.) In class 9 persons can apply only after the mayor and aldermen of any city, except Boston, shall have requested the commissioners to include the fire force of such city in the classified service. When so included, applicants for

appointment in class 9 of Schedule B shall be not less than twenty-two nor over thirty-five years of age at the time of making application, and shall be not less than five feet four inches in height in bare feet and weigh not less than one hundred and twenty pounds without clothing: *provided, however,* that call men serving in the fire department may deduct from their actual age any time not exceeding five years during which they have continuously served in such capacity. (*f.*) In class 10 applicants for appointment as truant officers in the city of Boston must be not less than thirty nor over forty-five years of age at the time of filing the application. (*g.*) In all other classes in Schedule B there is no requirement as to age, height or weight.

DIRECTIONS.

1. All the statements in this application shall be made under oath or affirmation, and in the applicant's own handwriting.

2. A false statement knowingly made in this paper, or connived at in any certificate which may accompany the same, is good cause for exclusion from the eligible list or discharge during or after probation.

3. Send application, after being filled out, if for service in the departments of the Commonwealth or the city of Boston, addressed to the Civil Service Commissioners, Boston, Mass. If for local service in the department of any other city, send application to the Secretary of the Board of Examiners of the city in which the service is sought.

SPECIAL INSTRUCTIONS TO EXAMINERS.

The gentlemen designated as members of a Board of Civil Service Examiners will meet as soon as practicable, and organize the Board, choosing a chairman and secretary.

On receiving notice of such organization, the commissioners will forward to the secretary of the Board the application blanks, copies of the rules and regulations, and such other books, documents and papers as may be thought needful.

The commissioners will also send notices for insertion in local newspapers (as a matter of news), informing all who may be interested that application papers can be obtained of the secretary of the Board.

Each person receiving an application blank should be furnished also with a copy of the rules and regulations.

When an application paper is presented by an applicant in person, the secretary should examine it at the time, if he can do so conveniently, and, if it is properly filled out, he should note upon the back, in ink, the date and hour when received. If it is not properly filled out, the attention of the applicant should be called to the fact, and he should be advised to have the application paper corrected.

If an incomplete application paper is received by mail, it should be returned to the applicant, accompanied by a notice to correct the same.

At each meeting of the Board the applications which have been received since the previous meeting should be carefully examined by the members, or a majority of them, and, if found satisfactory, should be numbered serially in the order in which they are received. They should be entered in the record of applications, in the order of their numbers.

The Board will reject any application which shows that the applicant is not, by reason of age, lack of citizenship, proper period of residence, etc., entitled by the law, rules and regulations, to an examination; and it must be returned to him with a brief statement of the reasons for such action. A blank form will be furnished for this purpose.

All application papers will be received, if in proper form. Should any be received for positions in the service of the Commonwealth, or another city, they must be forwarded to the commissioners.

When, in the opinion of a majority of the Board, the three certificates as to character are not considered sufficient, by reason of the signers thereof not being reputable persons, the application paper shall be returned to the applicant, who shall be requested to furnish additional certificates.

When the application is for examination for the police service, the secretary of the Board will furnish the applicant with a copy of the book of instructions for police applicants, and make note of having done so on the application paper.

When, in the opinion of the Board, it is thought desirable to hold an examination, the secretary will notify the Civil Service Commissioners, and suggest a convenient time for such examination.

On receipt of authority from the commissioners, the secretary of the Board will send notice of such examination to each applicant.

Attention is called to Rule XVII., which gives precedence in notification, under certain circumstances, to those who served in the army or navy in time of war.

Examination blanks will be sent or brought to the Board before an examination is to take place; but they are not to be opened until the Board meets in the examination room on the morning of the examination day, and great care should be taken that they be kept in a secure place until that time.

When all are seated, one of the Board will take from each applicant the notice he has received to attend the examination.

The package of examination papers will then be opened, and each applicant will be given a numbered envelope and a declaration paper; upon the latter are printed questions concerning his name, age, former occupation, service in the army or navy in time of war, etc. These are to be answered in writing, and the writer will sign his name at the bottom of the sheet. This is the only time during the examination when the applicant will be allowed to affix his signature to a paper. After completing the declaration paper, he will fold and enclose it in the numbered envelope which has been given him, and then seal the envelope.

The number on the envelope will be his examination number, and he must write it upon each succeeding paper in the blank space left for that purpose.

It will be well to inform the applicants that they are to be

examined in certain subjects, and state the order in which the subjects will be given out.

The envelopes are not to be opened until after all the examination papers have been marked and graded.

In examinations where one of the exercises consists of writing from dictation and spelling, all the applicants will work at the same time. In the other exercises they may consult their own convenience as to rapidity.

As a rule there will be no general recess during the examination hours; but any applicant may be allowed, for sufficient reason, to leave the room at any time when he has finished one set of questions and delivered the paper to one of the Board. No succeeding questions shall be given him, however, until his return.

It is advisable that the full Board of Civil Service Examiners be present at each examination; but a majority of the Board may conduct an examination in case of the disability or necessary absence of the other members.

At all times when an examination is in progress, one of the Board must be present.

Order and decorum should be preserved in the examination room, and visitors can be admitted only by invitation of one of the Board. No visitors shall be allowed to inspect the questions or answers, or procure for publication anything relating to them or the work of any applicant.

To obtain the best possible results, applicants whose natural nervousness is increased during examination should be made to feel as much at ease as possible. To do this will require great discretion on the part of members of the Board; and nothing will defeat this object so quickly as the knowledge, on the part of applicants, that they are observed, or that their work is being scrutinized by those not officially in charge.

Applicants should be cautioned not to use any books of reference or memoranda for the purpose of assisting their memories. Any one detected in doing so may be dismissed from the examination room. The same penalty will be enforced if one applicant attempts to assist another, by conversation or otherwise, in answering the questions given him.

Members of the Board should give the applicants general explanations only, and these should be limited to methods of procedure.

After an examination, all the papers should be taken charge of by the secretary of the Board.

Members of local boards are cautioned against furnishing information to any person in relation to the examinations, except in the general way prescribed in the rules.

All unused examination papers are to be returned to the commissioners the day after the examination.

As soon as practicable after completing the marking and grading of the papers, the secretary of the Board will send a certificate to each person, who was examined, stating the grade which he attained, as shown by the marking, and whether or not he is entitled to be recorded on the eligible list.

In the general regulations adopted by the commissioners will be found information as to marking and grading, and the enrolment in the proper register of the names of those found eligible for appointment.

The chief examiner or one of the commissioners will be present at the examination whenever it is practicable to do so.

More specific rules for marking the examination papers will be issued hereafter.

Necessary expenses incurred by members of a board, for stationery, postage and actual travel, will be allowed by the commissioners.

Whenever it appears to the Board of Examiners that the position to be filled requires special qualifications, and that the regular course of examination for that branch of the service would not meet the case, they will notify the commissioners of the facts, and ask for instructions as to the special course to be pursued. When the advice or assistance of experts is necessary, the Board will so inform the commissioners, and suggest the names of suitable persons who would be willing to aid them.

HENRY SHERWIN,
Chief Examiner.
